

Standard, made-to-fit options also available: <https://www.benik.com/trunk-options.pdf>

Outline below is a typical example. Provide measurements, and Benik will conform the thermoplastic panel to fit.

Patient Name: _____

Measurements

1. Height: Start of inward contour down to desired panel bottom edge
2. Height: Start of inward contour up to desired panel top edge
3. Upper panel width
4. width between scapulae
5. Main panel width
